Hashtags	#2GETHER2022

2GETHER Conference Description

The Ontario Professional Planners Institute (OPPI) and the Ontario Association of Landscape Architects (OALA) have partnered to host a joint conference in London, Ontario, this fall.

On September 21 and 22, the 2GETHER conference will explore the important role that professional planners and landscape architects play in the natural and built environments, including the ongoing climate crisis, racial and social injustice, the inherent rights and title of Indigenous Peoples, and other relevant topics impacting Ontario communities.

The 2GETHER joint OPPI-OALA conference will be especially exciting as it marks a return to in-person events for both organizations since the beginning of the pandemic. Professionals and industry experts from across Ontario will gather for the first time, face to face, for two days of insightful keynote speakers, thoughtful panel discussions, and meaningful breakout sessions. Programming for the conference will also be available online for those who wish to attend virtually.

Mark your calendars for September 21 and 22!
