

Sponsored and Partnered Events

OPPI participates in several sponsored and partnered events each year. These arrangements raise the profile of planners, planning issues and OPPI with members, key stakeholders, and the public. OPPI publicizes these events through our weekly events bulletin and through our online events calendar.

The following requirements apply to these events:

- OPPI's name and logo is to appear on any materials mailed or emailed to members and on as much promotion material as possible – flyers, programs, links to websites, etc. If possible, the OPPI name and logo should appear on all notices, not just those to OPPI members. If the OPPI name and logo does not appear on materials sent to OPPI members, then the full rate for private sector firms or the discount rate for not-for-profit organizations will apply (see below for the rates).
- OPPI's name and logo must appear on as much on site material as possible, such as handouts, displays, place settings, name tags, etc.
- OPPI can provide speakers, moderators and commentators for the event. The designation RPP must be included after the names of any participating Full Members in handouts and promotional materials.
- If the partner organization offers a discount to its members, the same should be offered.

Contact OPPI's Education Manager at education@ontarioplanners.ca to find out if your event qualifies as a sponsored or partnered event.
